

Loch Range uPVC Entrance Door

Made-to-measure in a choice of style and to any size* with the option of a complimentary fanlight and / or sidelight(s) – maximising design flexibility.

Manufactured using fully welded VEKA profiles to ISO 9001 QA standards – ensuring ultimate quality.

Wide variety of colours including brilliant white and anthracite grey as well as traditional woodgrain effect golden oak and rosewood. Also matching decorative in-fill panels.

All profiles reinforced for increased strength.

Splayed sightlines to maximise visibility.

Internal sculptured glazing beads to enhance security and appearance.

EPDM weather seals in frame and sash to give extra cover and improved performance.

five-chambered profiles provide internal drainage which maximises weather tightness and prolongs the life of the double glazing units.

Factory fitted multi-point locking mechanism with deadlock, for added security and thumb-turn operated, internally, to assist escape in the case of fire.

Low threshold option to facilitate wheel-chair access.

Optional letter box, door viewer and restrictor security chain available.

Factory glazed with Low-E, toughened, double glazing units providing excellent U-value.

*Subject to standard industry design parameters.
